

Lurking Ghost

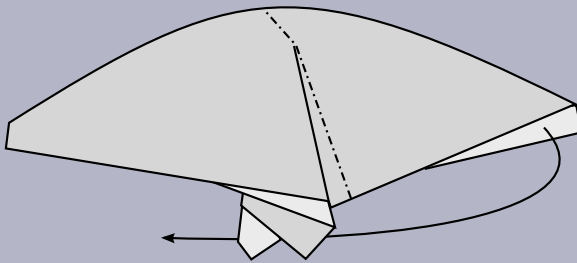

Design/Diagram by
Andrew Hudson, 2011

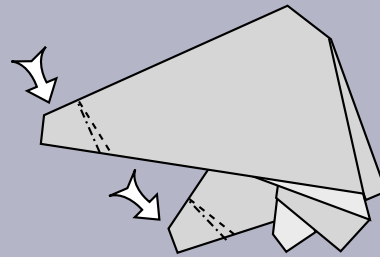

1. This doesn't need to be exact, but it should be the same on both sides.

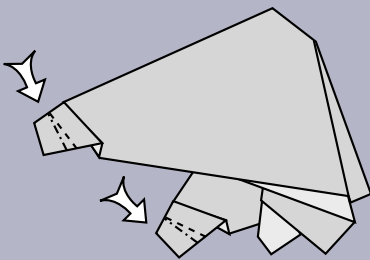

2. Fold an angular pleat about here; no references. The model will become three-dimensional.

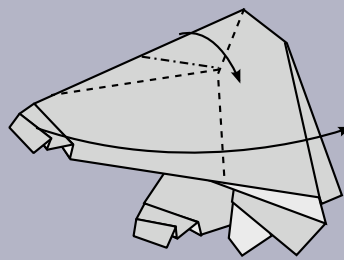

3. Swing the right flap behind, flattening the model.

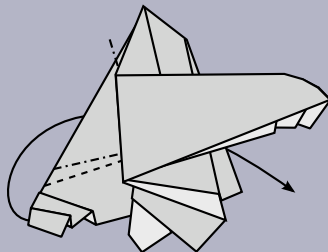

4. Swivel-fold both arms.

5. More swivel-folds.

6. Rabbit-ear the top layer.

7. Rabbit-ear behind.

Finished!
